European Football Championship 2012 in Poland & Ukraine

25th July, 2012

Dear Mr. Suchodolski,

We would like to thank you very much for the great work done in Warsaw during the European Football Championship 2012.

Your support to our organization with regards to the access control, people flow management and security services was key for the overall success of the event. In addition, your consultancy in advance was much appreciated.

We have received a lot of compliments from various stakeholders, such as UEFA, the EURO2012 Sponsor Partners as well as other guests for having delivered probably one of the most successful Tournaments ever. This is certainly also thanks to the smooth access procedures and the relaxed atmosphere kept by your crew key areas of the Hospitality Village and the Inhouse Stadium areas so that up to 6.000 key guests could enjoy a great night.

We are also happy to confirm that the observation security of the Hospitality Village as well as the dismantling was well managed from a security point of view and no items were stolen during this time.

We look forward to working with you again in the future on familiar projects and wish you lots of success for your next events.

Your sincerely,

Jan-Ole Dietrich
